Week 9: Career Services Assignment - Attend a Meetup

1. Find a technology meetup or networking event and attend it (either virtually or in-person). Search sites like Eventbrite.com, Meetup.com or do a search like this "[name of your city] + technology meetup. You can also ask your classmates or post the question on LinkedIn and see what recommendations you get.

2. Create a PDF answering the following questions:

Which meetup did you attend?

The meetup that I attended was: Denver Mock Programming Job Meetup, an online event based in Denver, Colorado, sponsored by Savvato Software. It meets up every Tuesday.

https://www.meetup.com/denver-mock-programming-job-meetup/events/291501713/

What did you learn?

I was learning the process of a developing team working on the creation of a mobile application, from both the front-end and back-end of coding. I also watched a real-time troubleshooting session to figure out coding mishaps in the development process.

Did you meet anyone new?

I met Josh Darling, Sun, Jason Jacobs and Johnathan, the speakers/presentators for this meetup.
